

Office Information

Appointments

All patients are seen by appointment only and, if available, parents may request a certain provider to see their child. Patients who arrive without an appointment will be given the next available opening, unless the medical staff determines the problem is urgent and the patient should not wait. If a patient arrives 10 or more minutes late for their scheduled appointment they may be asked to reschedule and their account may be charged for a missed appointment.

Well Exams

Parents are asked to call in advance to schedule well exams and oftentimes, for infants, this may be done prior to leaving the office from a current exam. Frequently, our time for well examinations are filled a month ahead; therefore, try to anticipate well in advance your need for camp, school, athletic, and other examinations with a deadline.

Sick Appointments

We have openings available at the start of each workday to see sick children and encourage you to call as early in the day as possible if your child needs an appointment.

Missed Appointment Policy

Our appointments are scheduled to respect your time. We ask that you show the same respect for our time. We carefully arrange our schedule in an effort to efficiently optimize your time here. We appreciate your promptness and consideration in arriving at your scheduled time. However, if you need to change an appointment, a 24 hour notice is requested. Missed appointments without proper notice will result in a missed appointment fee of \$25.00. Subsequent missed appointment may result in your dismissal from the practice.
